PROFESSIONAL SUMMARY

CompTIA Security+ certified IT support specialist seeking an entry-level help desk role, with hands-on Active Directory, Entra ID, and Microsoft 365 skills from an ongoing home lab series. About two and a half years in customer-facing roles explaining technical problems in plain language.

TECHNICAL PROJECTS

Microsoft Entra ID Help Desk Lab **09/2026 – Present**

Ongoing Personal Project — Entra ID tenant + Windows Server VM

- Built and manage an Entra ID tenant simulating an 11-user company with security, Microsoft 365, and dynamic groups.
- Administer the user lifecycle: provisioning, bulk CSV imports, name changes, transfers, and offboarding with session revocation.
- Perform admin and self-service password resets, enroll users in multi-factor authentication, and troubleshoot sign-in and account lockout issues.
- Work simulated tickets end to end and publish runbooks (github.com/keenianknott91-ops/Entra-ad-lab-series.).

Active Directory & Windows Server Home Lab **08/2026 – Present**

Ongoing Personal Project — VMware virtualized environment

- Built and maintain a virtualized Windows 11 and Active Directory domain environment to practice enterprise domain administration.
- Create, modify, and disable accounts; handle password resets, group membership, permissions, and Group Policy edits.
- Document PowerShell account-administration exercises in a public repo (github.com/keenianknott91-ops/powershell-labs-).

osTicket Help Desk & Vulnerability Assessment Lab **06/2024 – 07/2024**

Personal Project — github.com/keenianknott91-ops/osticket-helpdesk-lab

- Deployed and configured an osTicket help desk environment with agent roles, departments, SLA settings, and ticket queues.
- Processed 25+ simulated tickets through intake, prioritization, resolution, escalation, and closure.
- Conducted a vulnerability assessment across a simulated network, identifying assets and business impact.

TECHNICAL SKILLS

Operating Systems: Windows 10/11, Windows Server (lab environment)
Directory & Identity: Active Directory, Microsoft Entra ID (Azure AD), Group Policy, user account provisioning, password resets, MFA, onboarding and offboarding
Productivity & Cloud: Microsoft 365 admin center, Outlook, SharePoint, OneDrive, Teams, license assignment
Support Tools: osTicket, Remote Desktop (RDP), ticket triage and escalation, SLA adherence, hardware troubleshooting and repair
Scripting: PowerShell (account creation and administration tasks)
Networking: TCP/IP, DNS, DHCP, VPN, Wi-Fi troubleshooting, network cabling
Exposure to: ServiceNow, Linux, macOS, Python, vulnerability assessment and patch management

CERTIFICATIONS

CompTIA Security+ (SY0-701) — Issued 07/2026 | Expires 07/2029
CompTIA A+ (220-1201 / 220-1202) — In Progress
Google Cybersecurity Professional Certificate — Google / Coursera, 05/2025

WORK EXPERIENCE

Retail Associate **03/2026 – Present**

Marshalls — Baltimore, MD

- Resolve customer concerns professionally and calmly in a fast-paced retail environment while maintaining company standards.
- Deliver excellent customer service, applying clear communication, problem-solving, and attention to detail.
- Collaborate with team members to complete daily operational tasks, handling multiple responsibilities accurately and efficiently.

Apprentice Electrician **07/2024 – 05/2025**

Crown Electrician — Baltimore, MD

- Diagnosed and resolved faults in residential and commercial electrical systems using root-cause troubleshooting.
- Documented equipment issues and repairs, and explained technical problems to clients in plain language.

Loss Prevention / Asset Protection Associate **08/2023 – 07/2024**

Burlington — Baltimore, MD

- Handled high-volume phone and two-way radio traffic, relaying information accurately in fast-moving situations.
- Investigated policy violations and suspicious activity, gathered evidence, and prepared accurate incident reports.

EDUCATION & PROFESSIONAL DEVELOPMENT

High School Diploma — Information Technology **2023**

Coppin Academy — Baltimore, MD

Self-directed IT study, 05/2025 – Present — networking fundamentals, endpoint support, and security operations.
